**Citations Affected:** IC 27-1-3-30; IC 27-8-24.1; IC 27-13-7-18.

Requires a group accident and sickness insurance policy and a group health maintenance organization contract to provide coverage for medically necessary medical food prescribed for treatment of an inherited metabolic disease for a covered individual or an enrollee. **(This conference committee report: Replaces provisions requiring certain reporting by accident and sickness insurers and health maintenance organizations to the department of insurance and analyses by the department of insurance of mandated benefits and proposed mandated benefits with a provision requiring the commissioner of insurance to establish a voluntary task force to perform a review of mandated benefits and proposed mandated benefits and report to the legislative council. Requires a group accident and sickness insurance policy and a group health maintenance organization contract to provide coverage for medically necessary food rather than requiring an offer of coverage.)**
